<p style="text-align: center;">ITIDA</p>  <p style="text-align: center;">ITAC Program Updates</p>	مصر	Product Development Projects (PDP): which start with a prototype and end with a final product. (Round 17)	The budget ceiling is EGP 2,000,000.	2-May-15	<p>Strategic Areas: Wireless and Cyber Security, Electronic Design for ICT Applications, ICT for Homeland Security, ICT for Transportation, ICT for Health, ICT for Agriculture, ICT for the Disabled, ICT for Education, ICT for Energy.</p> <p>Technology-Trend Areas: Mobile Applications and Computing, Cloud Computing, Contextual and Social and Business Analytics , Internet of Things, Ubiquitous Computing, Gamification, Big Data , Cognitive Computing.</p> <p>Demand-Driven Areas: Determined based on specific needs of governmental bodies, ministries, governorates, ...etc.</p> <p>Proposals incorporating the use of open-source technologies and software-defined technologies are encouraged. The above areas are updated based on global technological reports and national needs.</p>
		Advanced Research Projects (ARP): which start with a proof-of-concept and end with a prototype. (Round 17)	The budget ceiling is EGP 1,000,000.	25-Apr-15	
		Preliminary Research Projects (PRP): which start with an idea and end in a proof-of-concept. (Round 17)	The budget ceiling is EGP 130,000.	11-Apr-15	
		ARP/PDP Pre-proposal: brief proposal for applicants without partners to be submitted in a round prior to the target round.			
RDI	مصر	Grant Scheme 1	€200,000 – €600,000	For now not available	Supports initiatives and projects that contribute to the achievement of sustainable development in Egypt with emphasis on increasing capital investment, enhancing technological innovation and improving competitiveness of the different economic sectors in Egypt. Also this scheme will concentrate on strengthening cooperation with European and regional counterparts in order to enable the transfer of technology, know how, and best practices to Egyptian institutions.
		Grant Scheme 2	€50,000 – €100,000	For now not available	aims at enhancing collaboration between the research community, the industry. Also this scheme will support activities aiming at strengthening cooperation with European and regional counterparts and hence enable the transfer of technology, know how, and best practices to Egyptian institutions.
		National Challenges Projects (STDF - NCP)	up to LE 1.5 million over a maximum period of two years.	Cycle: Call 2 , Opened from: 11/11/2014 to: 23/12/2014	Water, Energy, Health, Agro/Food and ICT.

STDF		مصر	STDF Support of Scientific Events (STDF-SSE)	up to 50,000 LE	Cycle: Call 3 , Opened from: 5/11/2014 to: 5/12/2014	Conferences, Seminars, Forums, Workshops, Training Schools & Courses
			ERANETMED (funded by the European Commission's 7th Framework Programme)	depend on the nature and duration of the proposed activities. duration can range between 24 and 36 months.	1st Nov. 2014 to: 31 Jan, 2015	1) Renewable energies and energy efficiency. 2) Water resources management.
			Egypt-France Cooperation (STDF-IFE)		Cycle: Call 2 , Opened from: 1/10/2014 to: 15/12/2014	إقامة لمدة أقصاها 9 أشهر في فرنسا للباحثين المصريين الشباب في مرحلة ما بعد الدكتوراه
			IMHOTEP 2015-2016	a maximum of L.E. 120,000 per project	26.05.2014 Ended	1. Joint research projects. 2. Scientific symposia involving researchers of the two countries.
			JOINT SCIENCE & TECHNOLOGY FUND USA	from \$60,000 / 1 year to \$250,000/ 2 years	1.11.2011 Ended	<ul style="list-style-type: none"> • Renewable energy • Engineering • Materials Science • ICT (information-and-communications-technology) • Water • Nanoscience
			German Egyptian Research Fund (GERF)	up to €200.000 for each joint project	Information on upcoming calls will be published	
NTRA		مصر	Research Grants 4th Call for Proposals (CFP4)		1.6.2013 Ended	Research Areas
Ministry of Scientific Research		مصر	Scientific and Technological Cooperation with Italy		15.10.2012 Ended	<ul style="list-style-type: none"> • Design Engineering and Technology • Electronics, Information Communication Technology • Energy and Environment • Nanotechnology and Advanced Materials • Space and Physics • Geology and Geophysics • Transport Systems including Automotive technologies

<p>أكاديمية البحث العلمي والتكنولوجيا</p> 	مصر	<p>مبادرة دعم مشروعات التخرج (الكلبات العملية)</p>	<p>المنحة للمشروع 15,000 جنيه</p>	15.12.2014	<p>منحة دعم مشروعات التخرج</p>
<p>Center for Special Studies and Programs مكتبة الإسكندرية</p> 	مصر	<p>BA/CSSP Research Grants</p>		10.08.2014 Ended	<p>1. Engineering Sciences and Technologies 2. Information Technology and Bioinformatics For Egyptian scholars who have earned their PhD within the past five years.</p>
<p>South Africa/ Ministry of Scientific</p> 	جنوب أفريقيا/مصر	<p>research proposals (2014)</p>	100 000.00 EGP per year for a maximum of two years	29.8.2014 Ended	<p>Nanotechnology, Remote sensing and space science, ICT, Biotechnology (food production, agriculture and health), Laser technology, Energy</p>
<p>DAAD</p> 	ألمانيا	<p>German-Arab short-term cooperation projects</p>	Up to 40.000 EUR	30.11.2014, 31.01.2015, 30.04.2015, 15.07.2015	<p>Organisation of short and medium term cooperation projects such as workshops, summer schools, conferences etc to establish and intensify scientific relations between German and Arab universities.</p>
		<p>German-Arab Research Partnerships – Al tawasul 2015</p>	Up to 90.000 EUR/ year	10.9.1014 Ended	<p>opportunity to extend and intensify existing research contacts between Germany and the partner countries. German universities together with Arab Alumni (usually DAAD-Alumni) can apply for funding to conduct a joint research project (up to 3 years).</p>
<p>DFG</p> 	ألمانيا	<p>Calls for Proposals</p>			
<p>British Council</p> 	المملكة المتحدة	<p>Newton-Mesharafa Institutional Links</p>	£30,000 to £300,000 over two years	20.11.2014 Ended	<p>Water management, Energy.</p>

<p>European Commission</p> 	<p>أوروبا</p>	<p>Erasmus+</p>	<p>31.3.2014</p>	<p>Erasmus + 2014-2020 (previously known as Tempus) of € 14.7 billion for Education, Training, Youth and Sport, covering both an intra-European as well as an international cooperation dimension, divided into 4 main categories: higher education, school education, vocational training, adult education.</p>
		<p>Erasmus Mundus - Target Group 1</p>	<p>1.09.2014 Ended</p>	<p>Mechanical/Electrical/Computer engineering <u>Master level</u>: 1 year in Europe. They will receive either a double diploma or they will graduate in their home university. <u>PhD level</u>: will be able to do a sandwich doctorate in Europe (max 2 years) <u>Academic Staff</u>: travel for 1 month in order to participate in a tailor made training program.</p>
		<p>Horizon 2020</p>	<p>many open and forthcoming opportunities</p>	<p>Horizon2020: 2014 to 2020 (previously known as FP7) of €80 billion budget is a funding programme for research and innovation. It aims to enhance EU international research cooperation so there are more opportunities for Third Country participation. It announces Calls for Proposals in defined fields.</p>
<p>The Global Development Network (GDN)</p> 	<p>South Korea</p>	<p>The Global Capacity Building Program</p>		
<p>THE WORLD ACADEMY OF SCIENCES for the advancement of science in developing countries</p> 	<p>Italy</p>	<p>Research Grants</p>		<p>TWAS funds several programmes that provide grants to researchers in some developing countries for specialized equipment, consumable supplies and scientific publications. Grants are awarded to individual scientists and research groups.</p>
<p>Funding for Scientific Research</p> 	<p>USA</p>	<p>Funding for Scientific Research</p>		<p>The mission of SSI is to support scientific and public health communities in resource-poor settings to develop sustainable local research and public health systems</p>

	مصر	Scientific Research Grants	up to 3000,000 LE for project duration less than 2	15.8.2014 Ended	energy, water
